

Mariamante means *“they love Mary.”*

*(The Academy’s mission is entrusted to Mary,
Mother of God.)*

“The teacher explains to the student the method and order of the subject and accurately narrates the facts. The reason for this is that when students take the foundation presented, go over it and reflect on it, they discover what makes the matter clearer and better understood. This comes from their own reasoning and produces a greater sense of accomplishment and satisfaction than if the teacher explained and developed the meaning at great length. It is not much knowledge that fills and satisfies students, but the intimate understanding and relish of the truth.”

Educational Principles

Mariamante Academy is a private high school providing a Catholic education.

Established in 1995, Mariamante Academy provides a college preparatory curriculum that highlights the study of the Classical World of the

Roman, Greek and Hebrew cultures.

The fundamental goal of the Academy's work is to help parents lead their children to the knowledge and love of God.

"What is youth? It is not only a period of life that corresponds to a certain number of years, it is also a time given by Providence to every person and given as a responsibility. During that time he searches, like the young man in the Gospel, for the answers; he searches not only for the meaning of life but also for a concrete way to go about living his life."

Pope John Paul II
